

Upcoming Calendar

March 3	Early Release
March 10 – 28	One Book One School
March 14	Teacher Workshop Day
April 17-18	Conferences
April 18	No School for Students
April 21 – 25	April Vacation

Math Lab

As you know we began a new adventure with our 3rd Grade Math Lab. Students are now grouped in focus groups to help target their personal mathematical needs. Math Lab is held from 10:15 – 11:30 am each day and so far students seem to be enjoying the new structure. Please let me know if you have any questions or concerns about this new concept and also if your child has any questions or concerns about their new group.

Maine

We have begun our Maine Unit for Social Studies. We will be learning about the geography, history, economics and people of Maine. Each student will write a book about Maine as well as to create a Salt Dough relief map. To begin this study I have asked students to begin learning the 16 Counties of Maine. You may have already heard this song at home. The song is sung to the tune of Yankee Doodle Dandy:

The 16 counties in our State are
 Cumberland and Franklin,
 Piscataquis and Somerset,
 Aroostook, Androscoggin,
 Sagadahoc and Kennebec,
 Lincoln, Knox and Hancock,
 Waldo, Washington and York,
 Oxford and Penobscot!

How Do I Contact the School or Learn More Information??

Like Songo Locks School on Facebook for reminders and updates.
